### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Dutkiewicz on January 5, 2005.

The application has been amended as follows:

In the Claims:

1) Claim 1, line 14, the phrase --system;-- has been inserted after the word "the".

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the prior art of record does not teach or suggest the entire combination of elements of the dual toilet paper holder system set forth including a pair of cross bars including a lower cross bar with opposed ends formed with inverted U-shaped recesses removably received in the lower slot of the support holders, the cross bars also including an intermediate cross bar having inverted U-shaped recesses removably received in the intermediate slots of the support holders. None of the references of the prior art teach or suggest the configuration of the bars as advanced above and such do not provide the necessary motivation, absent applicant's specification, for modifying the toilet paper holder system in the manner required by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
